Calculus I v. Bellenot

We the students of Calculus I Spring 99 are asking for a permanent injunction to prevent the Good Doctor from using Maple in Calculus I class ever again.

Calculus I v. Bellenot

We the students of Calculus I Spring 99 are asking for a permanent injunction to prevent the Good Doctor from using Maple in Calculus I class ever again.

The Arguments

The Arguments

- Maple is unneeded, the TI-83 is good enough for Calc 1.

The Arguments

- **Maple is unneeded, the TI-83 is good enough for Calc 1.**

- **I'm Computer Literate and Maple you are not Computer Literacy.**

The Arguments

- Maple is unneeded, the TI-83 is good enough for Calc 1.

- I'm Computer Literate and Maple you are not Computer Literacy.

- Maple is a difficult program.

The Arguments

- **Maple is unneeded, the TI-83 is good enough for Calc 1.**

- **I'm Computer Literate and Maple you are not Computer Literacy.**

- **Maple is a difficult program.**

- **Maple is the devils handy work.**

Maple is difficult

Maple is difficult

- **No autosave**

Maple is difficult

- No autosave

- No autoexecute

Maple is difficult

- **No autosave**

- **No autoexecute**

- **Missing commands are echoed back**

Maple is difficult

- No autosave

- No autoexecute

- Missing commands are echoed back

- Sequential execution, but free form display

Maple is difficult

- No autosave

- No autoexecute

- Missing commands are echoed back

- Sequential execution, but free form display

- Maple help is a mixed bag.

Maple is difficult

- No autosave

- No autoexecute

- Missing commands are echoed back

- Sequential execution, but free form display

- Maple help is a mixed bag.

- **Programming languages, like Maple, are difficult**
