Technology for the 21st Century

Technology for the 21st Century

- **Technology 2X/18 months, or 1000X/15 years.**

Technology for the 21st Century

- **Technology 2X/18 months, or 1000X/15 years.**

- **Palm Pilots are 15 years behind pc's**

Technology for the 21st Century

- **Technology 2X/18 months, or 1000X/15 years.**

- **Palm Pilots are 15 years behind pc's**

- **Calculators already include CAS. TI-89 has Derive.**

Technology for the 21st Century

- **Technology 2X/18 months, or 1000X/15 years.**

- **Palm Pilots are 15 years behind pc's**

- **Calculators already include CAS. TI-89 has Derive.**

- **Predictions of "singularity in technology" (2035?)**

Windoze/GUI problems with Maple

Windoze/GUI problems with Maple

- **No autosave (except window location)**

Windoze/GUI problems with Maple

- No autosave (except window location)

- No autoexecute (or autoclean)

Windoze/GUI problems with Maple

- No autosave (except window location)

- No autoexecute (or autoclean)

- Sequential execution, but free form display

Windoze/GUI problems with Maple

- No autosave (except window location)

- No autoexecute (or autoclean)

- Sequential execution, but free form display

- Monolithic design not a tool

Windoze/GUI problems with Maple

- No autosave (except window location)

- No autoexecute (or autoclean)

- Sequential execution, but free form display

- Monolithic design not a tool

- Maple "help" is a mixed bag.

Maple requires a mentor

Maple requires a mentor

- **Finding the typo**

Maple requires a mentor

- **Finding the typo**

- **Echoing what it doesn't understand**

Maple requires a mentor

- **Finding the typo**

- **Echoing what it doesn't understand**

- **Maple Mysteries**

Maple requires a mentor

- **Finding the typo**

- **Echoing what it doesn't understand**

- **Maple Mysteries**

- **Complex numbers** $(1 + (-1)^{1/3})^6 = -27$
