FSU Blackboard Gradebook disadvantages

- Can't bookmark the gradebook
- Can't upload a file
- No calculation but total sum
- Fields go the wrong way

FSU Blackboard Gradebook disadvantages

- Can't bookmark the gradebook
- Can't upload a file
- No calculation but total sum
- Fields go the wrong way.
- Need garnet account

Privacy Issues

- Restrict access to data with the students name

Privacy Issues

- Restrict access to data with the students name
- Solution: web page contains no name

Privacy Issues

- Restrict access to data with the students name
- Solution: web page contains no name
- Students should only be able to see their own data

Privacy Issues

- Restrict access to data with the students name
- Solution: web page contains no name
- Students should only be able to see their own data
- Solution: each web page has only student's row

Privacy Issues

- Restrict access to data with the students name
- Solution: web page contains no name
- Students should only be able to see their own data
- Solution: each web page has only student's row
- Solution: other pages are 'hard' to find

Example Web Grade Book Page

- Live

How you use it

How you use it

- Use spreadsheet to update grades

How you use it

- Use spreadsheet to update grades
- save; export csv; quit

How you use it

- Use spreadsheet to update grades
- save; export csv; quit
- type 'make'; check sample.html

How you use it

- Use spreadsheet to update grades
- save; export csv; quit
- type 'make'; check sample.html
- type 'make install'
