Dear Professor Bettye Ann Case:

Assurant Solutions/Specialty Property employs over 50 actuaries, including 35 in our Miami, FL Campus. We periodically have job openings for Entry Level Actuaries at our Miami site in the Life & Corporate, Property & Casualty, and International insurance areas.

The minimum requirements for each position are an undergraduate degree with an emphasis in Mathematics, Statistics, or a similar field and at least one actuarial exam completed from either the Society of Actuaries or Casualty Actuarial Society. The typical job responsibilities, and outline of benefits are attached.

If you have or know anyone interested in these exciting job opportunities, please send the resumes via email to [Jon.Jannarone@assurant.com](mailto:Jon.Jannarone@assurant.com) or mail them to the address noted above. Please feel free to email this letter and attachment to your students. If you have a bulletin board with job information the attachment can be posted there.

Thanking you in advance,

Jonathan Jannarone  
Vice President & Appointed Actuary  
Life & Corporate Actuarial  
Assurant Solutions - Miami

\*If you are not the current person to contact regarding this, please forward it to the correct individual and let me know.

# OPEN POSITION: ENTRY LEVEL ACTUARY

**At Assurant Solutions / Specialty Property  
(formerly American Bankers Insurance Group)**

Assurant Solutions / Specialty Property employs over 50 actuaries, including 35 in our Miami, FL Campus. We currently have several job openings for immediate hire. We are looking for Entry Level Actuaries at our Miami site in the Life & Corporate, Property & Casualty, and International Actuarial insurance areas.

Minimum requirements for each position:

- An undergraduate degree with an emphasis in Mathematics, Statistics, or similar field
- At least one actuarial exam completed from either the Society of Actuaries or Casualty Actuarial Society

Typical job responsibilities, depending upon the position, include:

- Product development and pricing
- Experience analysis
- Reserving and financial reporting for annual / quarterly statements
- Claim reserve testing
- Asset / Liability management

We offer:

- Competitive salaries
- A high-quality Professional Development Program to assist our actuaries in completing the actuarial examinations
- Periodic job rotations to expose the actuary to the different roles
- A unique company that is involved in many different areas of insurance, including life, P&C, auto and retail warrant, and others
- Outstanding growth opportunities within the company
- Exceptional employee benefits available, including:
  - Health benefits
  - 401(K) plan
  - On-Site health club, fitness programs, and sports
  - On-Site daycare and elementary school

Please send your resumes to:

Jonathan Jannarone, Vice President & Appointed Actuary  
11222 Quail Roost Drive  
Miami, FL 33157-6596
