

Mathematical Thinking Slogans

"Mathematical Thinking is a power(ful) tool for the mind!"

"Measure twice, cut once!"

"An ounce of prevention is worth a pound of cure!"

"Promote Math Thinking! (But be discrete about it.)"

"Be logical! Think Math!"

"A computer scientist (or software engineer) without discrete mathematics is like an engineer without calculus."

"Computer Science without Math Thinking is Illogical!"

"Think Math! (You can count on it!)"

"When it absolutely, positively, has to work..." "Do the Math!"

"Recursion? Don't get in too deep. Think Math!"

"Excellence = Math * Computer Concepts"

"ALGORITHM is very nearly an anagram of 'MATH RIGOR' "
