1. **Optional Review for Final Exam on Fri., 4/24 in 101CAR at 1:25 pm - bring questions**

2. A **“Practice topics for Final – Unit 1,2,3 and 4”** is available to help you prepare for the Final Exam. Together, they contain the topics from which approximately 33 topics will be chosen from the Final Exam with approximately 30% coming from each of the Units 1,2 and 3 and 10% from Unit 4. These same topics are available with units mixed in **“Practice for Final – mini A/B/C”**. You must work all three practice tests to see all possible topics.

**Bring sharpened pencils and your FSU ID card to the Exam.**
*When the classroom doors to your exam location open, you will be asked to show your FSUID as names are checked at the door. Once you enter the classroom, all notes must be put away; as you enter the room please check the displayed seating chart at the front and sit as assigned by the chart.*

**Make sure you know the location, time and date for your Final Exam.**
*Confirm at:  https://www.math.fsu.edu/secure/bellenot/mac1105/exam/*

4. The “check grades” site was updated today (April 24).

5. **On-Line Final Exam registration has closed. You may still use the Registration Program to confirm your registration, but you must contact me for late registration or to make changes to your registration time.**

2. Test 1 will be given in recitation on Thurs., Feb. 12 covering
   sec. 3.1-3.8 and 4.1-4.4.
   There will be no practice time on Test day – you will begin Test 1 immediately.
   Bring your FSU ID card and sharpened pencils.

The “Practice Test 1 – mini A,B, and C” is available and contains 81 topics from which approximately 23-25 will be chosen for Test 1. After taking a mini-practice test, ask questions and target the topics you need to practice. Then try the entire practice quiz again. Repeat as needed. Be sure you know “where the answers come from”; it is easy to find yourself “guessing” between two remaining answer choices which is not reliable.

**Important**: You may fix your PRS transmitter today in class, but you must then turn your transmitter off and on in order to “join” the PRS class with the correct FSU ID recognized by the PRS software.

**To enter your FSUID into your PRS RF clicker**:  
1. Turn on your clicker

2. Push the asterisk '*\*' button until you reach the "Setup menu"

3. Push the down arrow until you reach the option "ID:"
4. Push the enter key (green arrow button)
5. Enter your FSUID (letters will appear in all CAPS)
   To enter a letter, click any of the keys A, B, C, D, or E and then click the up or down arrow. This will enable you to scroll through the alphabet until you reach the desired letter.

When you work the problems, make sure you are not guessing – that you know “where the answer comes from”. If not, check class notes and/or ask questions.

   **You must attend the recitation section for which you are registered.**

4. **Before midnight tomorrow (Tues., Jan 13) – purchase and prepare a PRS transmitter for use in lecture class on Wednesday, Jan. 14** -

To prepare your transmitter, do the following before lecture class:

1) **enter your FSU ID** (your user name on blackboard)
2) **find the Radio ID for your transmitter** (programmed into the
transmitter and visible on the display screen – not on the back of the transmitter.)

3) register your transmitter’s Radio ID on Blackboard.

See the announcement on our blackboard class for detailed step-by-step instructions on how to do this.

- Additional information is available on the “PRS Info” button of the blackboard class.
- When purchasing a transmitter at the FSU bookstore, ask for a transmitter at the check-out counter. (Transmitters are not kept on the shelves with the books.)
- I will use the PRS transmitters to take attendance and for short “quizzes” to gage the need for further lecture examples before moving on to new material.
- Points accumulated on PRS quizzes will count as a quiz grade and be averaged with the recitation quizzes when calculating your quiz average.

The following students were dropped from this course for not attending the first day of class:

   Brittany Alexander       Megan O’Boyle
   Jenna Robbins            Jonathan Tribuzio

If you added MAC1140 after being dropped as a no-show, you would not be dropped a second time for missing the first class.
The following students were turned in to be dropped from this course as not eligible:
Stephen Costello    Jane Hoffman

If you have questions about this, or think that an error has been made, please see me today.

1. If you come in late, be sure to get an eligibility form. Eligibility forms are used to determine first day attendance. If you do not fill out and return an eligibility form by the end of class today, you may be dropped as a no-show.

2. If you are not currently registered for this class, you must use the on-line DROP/ADD to add it as seats become available. I cannot help you with this. I will be turning in names of no-shows and ineligible students to be dropped which will make seats available. Keep trying!

3. If you are unsure whether or not you are eligible for this class, come see me or Ms. Diagula in room 222 LOV.

4. Your recitation class will meet tomorrow (Thursday) for attendance check and introduction only. Beginning next week, you can expect a quiz or test in recitation each Thursday. Recitation classes meet in 105 HTL at the time determined by your section.

IMPORTANT: Check your class schedule for conflicts with your recitation class.
You must attend the recitation section for which you are registered.

You may change sections only during DROP/ADD.

5. **Before our next lecture class on Monday:**
   - Log into our blackboard class and read the information on the following links:
     - **Syllabus** - it contains a lot of information which is important to your success in this course.
     - **Homework** - read “Getting Started with eGrade” and use pencil, paper and your notes on the examples in today’s lecture to work the on-line eGrade “**Practice Last Lecture 3:35**” (*no grade will be recorded.*). You will be able to get help with this in recitation on Thursday, if needed.
   - **Mark Test dates** on your calendar. Remember - *there are no make-ups on tests or quizzes* (see syllabus).
   - **Bookmark** the following on your computer:

6. **By midnight on Tuesday, January 13 (to prepare for PRS use in lecture on Wed., Jan. 14):**
   - **Purchase and register** a PRS (Personal Response System) transmitter. See the announcement in our blackboard class for instructions and information about your transmitter.
   - If you purchase a new textbook, a PRS **rebate coupon** should be
included in the shrink wrap.

- I will use the PRS transmitters to take attendance and for short “quizzes” to gage the need for further lecture examples before moving on to new material.

First Class meeting for MAC1140 on Wed., January 7.

Mandatory First Day Attendance -

Florida State has a mandatory first day attendance policy. Students who do not attend the first class meeting may be dropped by the math department.

Lecture Class Meets:

MW from 3:35 – 4:50 pm in 101 CAR.

Recitation Class meets each Thursday at the time and place (either 104HTL or 105HTL ) determined by the section in which you are enrolled. Quizzes and unit tests are given in recitation class.

This site will be updated regularly to reflect announcements made in lecture class. However, students are still responsible for any additional announcements made in class.

These announcements will be updated regularly and may be accessed through Blackboard, the class home page, or directly at: http://www.math.fsu.edu/~kutter/announce1140A.pdf

Further information about MAC1140 may be found at the Blackboard site for this course (http://campus.fsu.edu ).
