Review for Test 4 given in recitation class on Tuesday, April 12:

**Concept Check:** p. 758, # 3-6

**True-False:** p. 759, # 1, 2, 7, 8, 9, 11, 12, 14, 15, 16, 17, 18, 20

*Unless a problem on the exam is in true/false or multiple-choice format, you must show your work. When determining if a series is convergent or divergent, you must state the test used and you must show your work indicating the use of the test stated.*

**Exercises** - p. 759, # 1-8, 11-29, 38.

**Exercises** - p. 759, # 35 (change the instructions to: find $n$ so that $s_n$ approximates the sum with an error less than .00001), #36 (a) estimate the error only, (b) Find the $n$ so that $s_n$ approximates the sum to within five decimal places, #37 (estimate the error only).

Formulas that will be provided on Test 4:

[http://www.math.fsu.edu/~kutter/FormulasforTest4](http://www.math.fsu.edu/~kutter/FormulasforTest4)

Abbreviations that may be used:

- Geometric (geom)
- Telescoping (tele)
- $p$-series ($p$-series)
- Test for Divergence (DT)
- Basic Comparison Test (BCT)
- Integral Test (IT)
- Limit Comparison Test (LCT)
- Alternating Series Test (AST)
- Ratio Test (ratio)
- Root Test (root)

1. If today is your first day of class, be sure to get an eligibility form. Fill out the eligibility form and return it to me by the end of class today. Get notes from a classmate or borrow my document camera notes from section 7.1 covered in lecture last week. Read the lecture announcements from last week’s classes.

2. Your Recitation Class will meet each Tuesday (first meeting is Tues., Jan. 11). Your Unit Tests will be given in recitation class. You can expect a quiz or graded assignment or in Recitation each week when there is no Unit Test scheduled (beginning next week). Recitation classes meet in 307 HCB at the time determined by your section.

3. To access WebAssign, please click the “WebAssign” button on your BlackBoard class. You will be asked if you want to purchase WebAssign, but you can continue on a trial basis until drop/add is over.
   If you have problems, please let me know. Your first on-line “7.1 Online Quiz” is due on Wednesday, Jan. 12 at 9:00 am. The questions should be similar to those in “7.1 Practice”.

4. Upcoming dates (WebAssign online quizzes must be completed by 9:00 am on the date indicated):
   on Tues., Jan. 11: PreTest Quiz in recitation class (you will have an opportunity to ask questions about the Practice PreTest assignment and about 7.1 Practice before taking your quiz.)
due on **Wed., Jan 12**: 7.1 Online Quiz
on Monday, Jan. 17  No lecture class (MLK school holiday)
on **Tues., Jan. 18**: Quiz in recitation class (covering sections 7.1-7.2)
due on **Wed., Jan. 19**: 7.2 Online Quiz
due on **Fri., Jan. 21**: 7.3 Online Quiz

5. You should begin on-line and textbook homework practice as soon as a section is covered in lecture class.

**To get questions answered, go to:**

**Dr. Kutter’s office (in 111MCH) hours**: M 1 - 2 pm, T 2:30 – 3:30 pm,
W 2 - 3 pm, F 11:15 – 12:15 pm or by appointment.

**Mr. Armstrong’s office (in 219B-MCH) hours**: to be announced

**Math Help Center (in 110MCH)**  M-R 2 – 7 pm.

The following students were dropped from this course for not attending the first day of class:

- Octavia Jones
- David Powers
- Rebecca Thielemann
- Brian Burns-Foye

*If you added MAC2312 after being dropped as a no-show, you would not be dropped a second time for missing the first class.*

The following students’ names were turned in to be dropped from this course as not eligible:

- Ryan Bird
- Rani Young

*If you have questions about this, or think that an error has been made, please see me today.*

*If you added MAC2312 after being dropped as a no-show, you would not be dropped a second time for missing the first class.*

The following students’ names were turned in to be dropped from this course as not eligible:

Ryan Bird     Rani Young

The following students need to see me today or they may be
dropped from this course as not eligible:

Acie Leslie

If you have questions about this, or think that an error has been made, please see me today.

MAC2312  sections 1 – 3  Calculus 2  Spring 2011
Instructor:  Dr. Kutter
Office: 111 MCH  email:  kutter@math.fsu.edu
Homepage:  http://www.math.fsu.edu/~kutter

1. If you come in late, be sure to get an eligibility form. Eligibility forms are used to determine first day attendance. If you do not fill out and return an eligibility form by the end of class today, you may be dropped as a no-show.

2. If you are not currently registered for this class, you must use the online DROP/ADD to add it as seats become available. I cannot help you with this. I will be turning in names of no-shows and ineligible students to be dropped which will make seats available. Keep trying!

3. If you are unsure whether or not you are eligible for this class, come see me or Ms. Diagula in room 222 LOV.

4. Your Recitation Class will meet each Tuesday (starting next Tuesday, Jan. 11). Your Unit Tests will be given in recitation class. You can expect a quiz or graded assignment or in Recitation each week when there is no Unit Test scheduled (beginning next week). Recitation classes meet in 307 HCB at the time determined by your section.

IMPORTANT: Check your class schedule for conflicts with your recitation class.

You must attend the recitation section for which you are registered.
5. I have a class immediately following this class in HCB, so I will not likely be able to answer questions after class ends – unless you would like to walk with me to HCB. My office hours today are 2-3pm.

6. Before next lecture class on Friday:

- Log into our blackboard class and read the information on the following links:
  
  **Textbook** - it contains information about options for purchasing the required textbook (smaller/larger version with/without WebAssign or an electronic version.)
  
  **Assignments** – lists the practice homework for the first unit from the text (no grade given on practice homework, but it will prepare you for graded quizzes and tests).
  
  **WebAssign** – to access on-line practice and graded quizzes.

  Use the **Practice for Pretest** to prepare for the **Pretest quiz** given **in recitation class on Tuesday, January 11**.

  Use the **7.1 Practice** before attempting your first graded quiz – **7.1 Online Quiz** which is **due Wed., Jan. 12 at 9:00 am**.

  I recommend that you **DO NOT PAY** for WebAssign access until after DROP/ADD is over. You will receive a 2 week grace period to use WebAssign before purchasing (not refundable if you drop.)

- **Mark Test dates on your calendar.** Remember - **there are no make-ups on tests or quizzes** (see syllabus).

- **Bookmark** the following on your computer:
www.math.fsu.edu/~kutter (my homepage)
http://webassign.net (direct link to WebAssign – also available through BlackBoard links).

For help with computer problems, call: 644-4357(HELP)
MAC 2312 sections 1 – 3 Calculus 2

Instructor : Dr. Mary Kutter (kutter@math.fsu.edu)

First Day of Lecture Class : Wednesday, January 5.

*Mandatory First Day Attendance -

*Florida State has a mandatory first day attendance policy. Students who do not attend the first class meeting may be dropped by the math department.

This course required two types of classroom participation.

**Lecture Class** meets MWF in 101 LOV at 9:05 am.

**Recitation Class** meets each Tuesday (starting Jan. 11) in 307 HCB at the time determined by the section in which you are enrolled.

First Day of Recitation Class : Tuesday, January 11 (no recitation class on January 4; you must attend lecture class on Wednesday, January 5 or you will be dropped – see mandatory first day attendance policy above.)

**Important:** Quizzes and unit tests are given in Recitation Class. You must attend the Lab Section for which you are registered. You may change sections only during DROP/ADD. You should verify that you do not have any scheduling conflict with the meeting time for your Lab Class.
This site will be updated regularly to reflect announcements made in lecture class. However, students are still responsible for any additional announcements made in class.

These announcements will be updated regularly and may be accessed through Blackboard, the class home page, or directly at: http://www.math.fsu.edu/~kutter/announce2312.pdf

Further information about MAC2312 may be found at the Blackboard site for this course (http://campus.fsu.edu).
