Grading Rubric for Research Presentations

Below are the criteria I will use to grade each of your research project presentations projects.

1. Content (organization: intro, biology, math, summary, future directions, references; overall length)
2. Presentation Clarity (font size, readability, pictures, choice of colors)
3. Speaking (clarity, confidence, response to questions)
4. Multi-media use (if applicable ie. handouts, blackboard usage)
5. Audience Interaction (answer questions, look at audience)
